Proven Project Manager with over 9+ years of experience in managing diverse projects, delivering results that often exceed client expectations. Adept at fostering team collaboration, driving innovative problem-solving, and achieving on-time, in-budget project completion. Seeking to leverage my extensive project management skills and technical expertise to contribute to successful project outcomes in a dynamic and innovative company.

Professional Experience

- **Project Manager | Tridhya Tech Pvt Ltd, Ahmedabad**

Oct 2018 - Current

- Collaborate closely with clients to define project requirements and initiate processes.
- Lead project teams to resolve client and team issues, ensuring smooth project progression.
- Successfully complete projects ahead of schedule, demonstrating strong leadership and organizational skills.
- Specialized in UI/UX for web and mobile applications, enhancing user satisfaction and engagement.

- **UI/UX Designer | Centric Web Solution, Ahmedabad**

Jul 2017 - Sep 2018

- Designed UI/UX for websites, PWAs, and mobile apps, improving user experience across platforms.
- Contributed to the development of a renting service system for a US-based client using Angular for front-end development.

- **Web & Graphics Designer | Ommune IT Solutions, Ahmedabad**

Feb 2016 - June 2017

- Developed website themes and designs using WordPress, improving aesthetic appeal and functionality.
- Created logos and marketing materials, contributing to enhanced brand recognition.

- **Graphics Designer | Larsen & Toubro E&A, Mumbai**

Apr 2015 - Dec 2015

- Designed industrial product labels and marks, ensuring compliance with company design standards.
- Supported the development of switchboard panels, enhancing product functionality and safety.
